APPLICATION & FEE TO:
Ms Ros Wyllie
Pain Management Research Institute
Level 10C, Royal North Shore Hospital
St. Leonards, NSW 2065 Australia

About the Institute

The Pain Management Research Institute consists of a multidisciplinary group of health professionals and research staff who are collaborating to improve pain treatment, education and research in adults and children. The staff include:

- Medical specialists in pain medicine, psychiatry, rheumatology, palliative care and orofacial medicine;
- Registered nurses;
- Clinical psychologists;
- Allied health professionals such as physiotherapists and occupational therapists;
- Basic and applied scientists.

Clinical treatment, teaching and research activities extend from acute pain (e.g. post operative and trauma) to chronic non cancer pain (e.g. low back pain, post amputation pain, herpes) and cancer pain management.

The Institute facilitates a fully articulated online Masters program in Pain Management, in association with The University of Sydney.

Individuals can access single units of study from this program for continuing education purposes.

**Pain Management
Research Institute**

Symposium Outline

This symposium will be held over two days and is based on the IASP core curriculum. Sessions will be facilitated by leading specialists in the field of pain management. This symposium is designed for professionals with an interest in:

1. The Problem of Pain
2. Musculoskeletal Pain

Day 1: The Problem of Pain

Participants are introduced to the extent of the problem of pain and explore pain contributors and current principles of pain management. To conclude the day an expert panel will lead a case presentation.

Topic areas include:

- The Extent of the Problem
- Concepts of Pain
- Biological Contributors
- Psychological Contributors
- Psychological Management
- Pharmacological Management

Day 2: Musculoskeletal Pain

The second day is targeted at those with an interest in exploring musculoskeletal pain.

Topic areas include:

- Mechanisms of Musculoskeletal Pain
- Assessment of Musculoskeletal Pain
 - i. Medical Perspectives
 - ii. Physiotherapy Perspectives
 - iii. Psychological Perspectives
- Management of Musculoskeletal Pain
 - Medical
 - Non-Medical

Please note: Symposium limited to 80 participants

Symposium Details

Dates/Times

Day 1: Friday 27th July 2007

9.00am - 5.00pm (8.30 registration)

Day 2: Saturday 28th July 2007

9.00am - 5.00pm (8.30 registration)

Venue

Room AG.20

TAFE College

St Leonards. Sydney. 2065

Target Audience
